Investment Criteria

Business Profile

- $1M–$10M ARR, recurring or re-occurring
- 100%+ annual growth with strong capital efficiency
- Proven product-market fit and compelling economic fundamentals
- U.S.-based
- Credible path to strategic or financial sponsor exit in the $100M–$500M+ range

Industry Focus

- Technology generalist; emphasis on B2B / B2B2C
- Large, fragmented end markets with limited risk of technology obsolescence

Vertical Software / AI | **Tech-Enabled Services** | **FinTech** | **Healthcare** | **Marketplaces**

Transaction Type

- Non-lead investments in institutionally-led rounds
- Seed to Series B
- $500K–$1M initial investment with reserves for follow-on rounds
- QSBS-eligible with potential capital gains tax exemption after a five-year hold

What Makes Us Different

» **Collaborative Non-Lead Approach** positioned to complement lead investors rather than compete for allocations

» **Proprietary Sourcing Engine** driven by targeted outbound and inbound deal flow from an extensive network of 1,000+ VC investors

» **Hands-On Portfolio Support** across fundraising, recruiting, business development, and M&A, delivering lead-level engagement

» **Analytical Rigor** rooted in a private equity approach to diligence, trusted by lead investors and management teams alike

» **Purpose-Built Technology and AI Implementation** enabling a thorough and more efficient investment process
